The Africa Peering and Interconnection Forum 2017

Date: 22nd – 24th August, 2017

Register today at: https://www.internetsociety.org/afpif/2017/en/form/afpif
Join us in Abidjan for three days of Sharing, Learning and Networking.

What is AfPIF?
- The African Peering and Interconnection Forum (AfPIF) is a three-day event which aims to explore the key interconnection opportunities that exist in the region.

Who should attend?
- ISPs, Content Providers, CDNs, Data Centre Operators, IXP Operators, Internet Carriers, Regulators, Policy Makers, Mobile Data Providers, and research and education Networks.

Why should you attend?
- “Over 99.5% of interconnections are formed using ‘handshake agreements’ at peering events like AfPIF” as reported by the CECD.
