The objective of the forum is to help the domain name industry in Africa to grow at a competitive rate and ensure that the continent is on par with the rest of the world.

WHAT IS THE AFRICA DNS FORUM?

The Africa Domain Name System Forum is an annual open event for stakeholders in the Domain Name Industry in Africa organized by Africa Top Level Domains Organization (AfTLD), the Internet Corporation for Assigned Names and Numbers (ICANN) and the Internet Society.

Since 2013 the DNS Forum has been held in Durban, South Africa (2013), Abuja, Nigeria (2014), Nairobi, Kenya (2015) and Marrakech, Morocco (2016).
OBJECTIVE

The objective of the forum is to help the domain name industry in Africa to grow at a competitive rate and ensure that the continent is on par with the rest of the world.

As a three-day event, the forum brings together African registries; African ICANN accredited registrars, resellers, infrastructure service and solution providers; as well as entrepreneurs interested in investing in the African Domain Name Space from within and out of Africa. The forum further offers a platform for interesting discussions highlighting opportunities in the African Domain Name industry as well as networking sessions between registrars, resellers, and the registries.

WHO SHOULD ATTEND?

The forum targets registries, registrars, resellers, registrants DNS experts, government representatives and policy makers from the African region and beyond to collaborate and share strategies that will help grow the domain name business in Africa.

WHY SHOULD YOU ATTEND?

More than 200 attendees consisting of domain registries, domain registrars, business people and government representatives drawn from all over Africa take part in this annual multi stakeholder Forum where they will be engaged in interesting and timely discussions highlighting opportunities in the African Domain Name industry.
