An aerial photograph of a densely packed informal settlement, likely Kibera in Nairobi, Kenya. The image shows a vast expanse of small, closely situated dwellings with roofs made of rusted corrugated metal. The settlement is built on a hillside, and the overall appearance is one of extreme overcrowding and poverty. In the background, a tall, grey concrete wall runs across the top of the frame. The sky is overcast with grey clouds. The word "Kibera" is overlaid in large, white, serif font in the center of the image.
