## MISOC Policy Activities

- Preparation of the first Local IGF : Meetings and discussions with Government to schedule steps towards organizing this important gathering of the Internet Multistakeholders and Actors.
- Organized and held a very important meeting with The General Management of ANRT, Moroccan Telecoms Regulator
- Emtiaz 2016 : MISOC is part of the selection committee for this competition which aims to encourage innovation in e-Administration
- IT Standards : we participated in the Information Technology Standardization National Commission

## Challenges

- Finding ways to involve better Telcoms Operators
- Develop strong arguments for aspects like IXPs, IPv6 and IETF
- Building an innovative communication plan to get more users to the Net

## Important Policy Topics

- Net Neutrality
- Digital Literacy
- Cybersecurity
- Privacy
- SMB digital enabling
