WHAT WE'RE INTERESTED IN

Kathy Brown and her journey through the Internet Society: a great journey and many achievements

At the end of her term, Kathy Brown was interviewed and in that context she reflects on everything that was done in the Internet Society and shared her thoughts on how the Internet has evolved during this time. We invite you to read the full article: ow.ly/ZyE030lxbhf

In addition, she expresses her gratitude to the Internet Society community through this article: ow.ly/ac6V30lxblQ

As a digital society, we need a secure Internet to continue to thrive and G20 leaders have an important role to play.

The Internet Society, together with Mozilla and the Web Foundation, called on G20 leaders to protect the development of the Internet, prioritize the needs of users and promote the importance of the Internet. Learn more about this request: ow.ly/BGXx30lxbDl

14 Chapters of LAC, in a race for Chapterthon 2018!

Chapters that applied for this edition of Chapterthon are: El Salvador, Venezuela, Barbados, Haiti, Mexico, Saint Vincent and the Grenadines, Bolivia, Argentina, Dominican Republic, Ecuador, Nicaragua, Paraguay, Honduras and Brazil.
As a second instance, the Chapters put the projects to work, from September 1 to October 19. Get more information here: ow.ly/VxE630lx7yp

Join the second Open House of the year

On behalf of the Bureau of Latin America and the Caribbean we invite the second "Open House" or "Open House" of the year, which will take place on September 11 at 16 UTC, with the aim of sharing what we do, our Chapters, programs available to the community and volunteer opportunities. To join, just enter the following hyperlink: https://isoc.zoom.us/j/999702285
You must first download the Zoom tool from here: https://zoom.us/download
¡We hope to see you there!

You can watch the LACIGF11 sessions again!

If you want to see some of the sessions that took place during the Internet Governance Forum of Latin America and the Caribbean again, enter here: ow.ly/ag2C30lxAY6
LACIGF11: 400 participants from 30 countries, taking part in debates and proposals on Internet Governance

The new edition of the Internet Governance Forum of Latin America and the Caribbean was held in Buenos Aires and had a large number of participants, both face-to-face and remote. Experiences, opinions and suggestions were exchanged on different topics related to the Internet, its development, possibilities, risks and disadvantages. Learn more about the event in this article: ow.ly/FPXI30IxaVl

The workshop for Leaders of Chapters, part of the LACIGF

In the last edition of the workshop, there were 34 participants, from 22 chapters who addressed different key issues of the Internet Society, and also spoke with the new Executive Director of the organization, Andrew Sullivan. Read the full post here: ow.ly/Kjh430IxbMK

Christian O’Flaherty participated in the First Meeting of Network Operators in Mexico

The event, in which around 50 organizations participated, was promoted by NIC Mexico and is part of the efforts to generate an exchange space between the entities that manage Internet resources. Find out more in this article: ow.ly/eqFZ30IxbWM
**THE LAC CHAPTERS IN ACTION!**

The Panama Chapter continues to progress

The ICANN Policy Forum and the Annual General Meeting of the Board of Trustees of the Internet Society are two of the events in which ISOC Panama participated actively, as headquarters and as part of a special session to tell about of the activities they carry out, through a report. Learn more about this experience here: ow.ly/yp7h30lwWdF

![Image of group of people at a meeting]

**ISOC Costa Rica promotes the new IPv6 protocol**

The Chapter, together with Cenfotec University, conducted a workshop on IPv6 and its implementation. We invite you to see a summary of the activities in this video: ow.ly/YwEt30lxawb

![Image of workshop participants]

**With great success, the Social Communicators Training Program on Internet issues ended**

The Program, which was proposed by the Communication Committee of ISOC Panama and led by Dr. Raisa Urribarri, had the support of the Executive Committee of the Panama Chapter and was carried out in partnership with the Santa María La Antigua Catholic University (USMA). We invite you to read the article and learn more about this activity: ow.ly/AUES30lwXqX

**ISOC Perú launched a new website!**

The site, launched at the end of July, seeks to inform the world about the work undertaken by the Chapter, and will be constantly fed with documents and information related to its work. Therefore, it will also be a source of communication for its community. This website constitutes the first online platform promoted by the Chapter board and complies with the Activities Strategy established for 2018. We invite you to visit it!: https://isoc.pe

![Image of website homepage]
Mauro Ríos, from Uruguay Chapter, interviewed by Alterno TV

In a brief interview, Mauro explains about the Internet Society's extensive work and the main issues it addresses, in addition to talking about cybersecurity and information security. See the full interview here: ow.ly/zU7X30lxaH5

Peru Chapter's webinars have begun

On Thursday, August 23, the first bi-monthly webinar took place on the Zoom platform. The webinars of ISOC Peru are an initiative that seeks to decentralize the work done by the Chapter and thus facilitate the participation of the people who cannot be in Lima, but who work or are linked to the development of the Internet in the country. The webinars are recorded so that the community can download them later. At the end of each webinar, participants can propose the topics they wish to address or deepen in the next call. In this way, the experts will be sought and the agenda will be defined in advance and in a consensual manner. Communications will always be made through the Connect platform, through the Chapter's Facebook and soon through the website.

UPCOMING EVENTS

September, a month with multiple Internet Governance Forums

Costa Rica - September 11, Latin University of Costa Rica

In order to promote an equitable dialogue on the Internet that involves the private sector, civil society, the government, the technical community and the academic sector, the Internet Governance Dialogue (DGI) will be held for the second time. We invite you to learn more about the event here: ow.ly/ojJY30lxa2t

Haiti - September 13 in Port-au-Prince, Haiti

The first edition of the Internet Governance Forum of Haiti will be held on Thursday, September 13 at the Montana Hotel, Petionville. The main theme of the event will be "Connecting the disconnected and building the digital future in Haiti" and it is organized by the Haiti Chapter and as partners Internet Society and Lacnic.
T20 Summit - September 16 to 18 - Buenos Aires, Argentina

The 2018 T20 Summit will bring together the world's leading think tanks, government authorities, representatives of international organizations and the business community. More information about the event: ow.ly/5H2Y30lxafs

LACNIC30 / LACNOG - from September 24 to 28, Rosario, Argentina

The meeting will be held by Cabase (Argentina Internet Chamber) and will take place at the Ros Tower Convention Center.

The LACNIC meeting will be held in conjunction with the annual meeting of the Network Operators Forum of Latin America and the Caribbean, LACNOG, in its 2018 edition. More information here: ow.ly/C2tE30lx7Wj
