Tech and Policy introduction

Massimiliano Stucchi, Juan Peirano

Two main sides

Technical

- Devices
 - Depend on regulation and spectrum available
 - Mikrotik, Ubiquiti, Cambium, SICE, others

- Upstream
 - Friendly ISPs might help
 - Or government, public utilities
 - Fiber, Wi-Fi Backhaul, Satellite

Technical issues

- Power

- From utility
- Or renewable
 - Solar
 - Wind
 - ... or a combination of the two

Policy

S.L.F

Spectrum* - Licensing - Funding

Policy

SPECTRUM

Focus on policy issues for mainly WIRELESS solutions.

Policy

LICENSING

Policy

FUNDING
